of Mysore

Sir,

I have the honor to submit for the consideration of Government the present undesirable state of the relations between the Mysore Municipality and the Police Department in connection with the Town Police which is maintained by the Municipality with a view to improve the existing unsatisfactory state of things, I submitted for the approval of Government a set of Rules in which an endeavour was made to define the respective province of the Municipal Board and of the Departmental authorities in regard to the several matters connected with the maintenance and equipment of the Town Police Force. - I have to submit that since then, matters have by no means improved. The Municipality doubtless have many urgent calls upon their purse; but the equipment and clothing of the Police maintained by them is no less urgent than any other needs which the Municipal Board may have to meet. - For two years past the grant for the clothing of the Police has not been regularly provided with

with the result that sandals have not been issued to them, their clothes were till recently shabby and their turbans are old and worn out. - It has been brought to my notice that as a consequence of this state of things the Police stations and buildings which require annual repairs have not had sufficient funds set apart for the purpose. - There are other drawbacks of a similar nature in regard to details relating to contingencies, reward for good service, secret Service funds, batta for men travelling out of Ellpore for duty and other matters. ——

2. Having regard to these shortcomings; to the necessity of better and smarter looking clothing for the Police of the capital of the Province and to make provision for some increase of strength owing to the recent extensions of the City I would beg to propose that as in the case of the Bangalore Town Police, the Ellpore Town Police charges may be taken over from the Municipality and the Municipality may be assigned some equivalent charges such as Schools, Dispensaries and similar institutions. The need for this transfer has become urgent and I accordingly beg that Government may be pleased to pass early orders in the matter. ——

I have the honor to be

READ THE FOLLOWING LETTER :—

From the Inspector General of Police, To the Chief Secretary to the Government of Mysore, No. 698—144, dated July 1889.

I have the honor to submit for the consideration of Government the present undesirable state of the relations between the Mysore Municipality and the Police Department in connection with the Town Police which is maintained by the Municipality, with a view to improve the existing unsatisfactory state of things, I submitted for the approval of the Dewan a set of rules in which an endeavour was made to define the respective province of the Municipal Board and of the Departmental authorities in regard to the several matters connected with the maintenance and equipment of the Town Police Force. I have to submit that, since then, matters have by no means improved. The Municipality doubtless have many urgent calls upon their purse; but the equipment and clothing of the Police maintained by them is no less urgent than any other needs which the Municipal Board may have to meet. For two years past the grant for the clothing of the Police has not been regularly provided, with the result that sandals have not been issued to them, their clothes were till recently shabby and their turbans are old and worn out. It has been brought to my notice that as a consequence of this state of things the Police stations and buildings which require annual repairs have not had sufficient funds set apart for the purpose. There are other drawbacks of a similar nature in regard to details relating to contingencies, reward for good service, secret service funds, batta for men travelling out of Mysore for duty and other matters.

2. Having regard to these shortcomings; to the necessity of better and smarter looking clothing for the Police of the capital of the Province and to make provision for some increase of strength owing to the recent extensions of the City, I would beg to propose that as in the case of the Bangalore Town Police, the Mysore Town Police charges may be taken over from the Municipality, and the Municipality may be assigned some other equivalent charges such as Schools, Dispensaries and similar institutions. The need for this transfer has become urgent and I accordingly beg that Government may be pleased to pass early orders in the matter.

No. 4277-80—CIR. 84, DATED 28TH JULY 1890.

ORDER THEREON.—The Government observe that, owing to the insufficiency of funds, they were obliged to disallow several items of expenditure proposed to be incurred in the Municipality of Mysore during 1890—91, as shown in the margin. The President of the Municipality has since explained to the Officiating Dewan personally, that the Police charges provided for in the Budget are likely to prove insufficient, and that of the works disallowed, some costing about Rs. 13,550 are absolutely necessary. He further stated that the receipts are likely to fall by Rs. 2,700, as the Public Works Department
